Your vehicle rental reservation confirmation

Dear Saikat,

Your rental booking has now been confirmed. We have detailed below a list of the important things you **must** bring with you when collecting your vehicle, along with a full breakdown of your booking.

Details not correct? If your booking details are not correct, please contact our reservations team on **0141 849 7170**, as details cannot be disputed once the hire has commenced.

Full UK driving licence (excluding Northern Ireland)

Bring with you a full, valid and clean driving licence (originals only) and your DVLA access code, which can be obtained from the DVLA's online [share driving licence](#) portal. Please note that residents of Northern Ireland will need to provide both their driving licence card and paper counterpart.

Proof of address

Bring along one other form of printed identification dated within the last three months. This could include a bank statement or an electrical bill. Alternatively, if you have a smartphone please have your bills available to view at time of collection.

Credit or debit cards

Bring along a valid credit or debit card in the driver's name. The card is needed in order to leave an imprint for any additional costs. An excess of £1500 is required on each vehicle but you can opt to reduce the excess to zero by paying the daily excess waiver charge of £15 per day for standard cars or £20 per day for 9 seaters / executive cars / all vans. Selected branches may ask for a £150 security deposit for first-time hirers. If you'd like to hire an executive car, some branches may require a refundable security deposit of up to £500. Learn more about [deposits](#) and [excess waiver fees](#).

EU licence holders

Non-UK residents must bring a domestic driving licence and either a passport or ID card. UK residents must bring a domestic licence or ID card along with proof of address (please see the details given under [proof of address](#) for what you should bring).

Non-EU licence holders

Drivers must bring a valid passport and a valid domestic driving licence with an English translation. If an English translation is not available, an international driving permit is required.

Please note we are unable to accept digital driving licences, you must present either a physical copy or an International Driving Permit (IDP) along with your passport.

Driving outside the UK

European rentals are restricted to cars only and with prior arrangement and consent.
